

# CLUB HUB

## 20+ social and academic clubs to choose from

Our social and academic student-led clubs provide excellent opportunities for students to develop their verbal communication skills, develop their leadership talents, apply their cross-curricular knowledge, and make real-world connections. Students are guided by an 18-week agenda to meet weekly goals that help them create an end-of-semester culminating club project. We welcome students to join as many or as few clubs as they like. Our clubs include but not limited to:

Brain Games

Chess

Drama

Music Performance

Math

History

Literature

Robotics

Photography

Filmmaking

Fashion

Inventions

Science

Entrepreneurial

World Culture & Language

Spanish

French

Mandarin

Digital Design

Minecraft

LEGO

Clay Creations
